

Aloha Bay Palm Candles

Aloha Bay Palm Candles are made of 100% palm wax, which is an all natural vegetable wax blend that makes candles burn longer and smoother. Made of virgin palm oil, soot emissions are minimized. There are no petroleum-based ingredients and, therefore, no residues from those ingredients. The oil palm tree has a higher yield and is more resilient than any other oilseed crop. No artificial fertilizers or pesticides are necessary. The candles are made with pure cotton wicks in Indonesia and are a Fair Trade Product. "Hand made in a small factory on the island of Java, where employees enjoy humane working conditions, good wages, free health care and vacation benefits."
