

We love this line of candles, rich scents, bright colors, empowering affirmations and information. As with all candles, remember to remove all labels before lighting. Never leave a burning candle unattended. The votive candles need to be placed in a votive candleholder for optimum burn time and safety.

Special Purpose Blessed Herbal Candles

Related to the “Power Votives”, these are their larger version with the addition of specific herbs as well as essential oils, specifically combined to enhance the unique quality of each candle. Because these candles are “hand-made when the moon is right”, there are individual variations in some of the coloring which makes them all the more unique. An invocative prayer/ritual is wrapped around each candle to empower your working. 1 ½” wide by 6 ½ “ tall. We frequently burn these in an empty 7-day glass bottle, to add more safety and to even further increase the already long burn time. \$9.95 each.
