CANDLES IN GLASS, 50 HOUR

These candles are poured into a clear glass container that is 3 ¾” high x 2” wide. Like a votive, as the candle burns the wax in the container dissipates, leaving an empty glass. The burn time is approximately 50 hours. Please note, as with any candle in glass be sure to burn the candle so that there is a complete layer of liquid wax floating in the candle with each burning. Burning for too short a time will “tunnel” the wick, which will eventually lead to it being covered by liquid wax in future burnings. These candles are \$3.50 each and are available in 6 colors:

Black	Red
Blue	White
Green	Yellow

Green	White
Orange	Yellow
